

NEURAL CONTROL OF **UPPER-LIMB** *PROSTHESIS*

The Biomechatronics Group at the MIT Media Lab is looking for **UPPER LIMB AMPUTEES** interested in being part of an advanced prosthesis study.

WHY PARTICIPATE

- + You will help advance upper-limb prosthetics research
- + You will be compensated for your time (\$20/hr for the study)

PARTICIPATION CRITERIA

- + Be between 18 and 65 years of age
- + Unilateral, non-congenital, non-diabetic amputation of the upper extremity
- + Regular user of a myoelectric prosthesis
- + Able to visit MIT for 1 to 4 days of testing: coordination of travel, hotel lodging, food will be provided
